

## **Rules for obligatory EES courses**

**(skills courses, Seminar and Discussion, Statistics and Excursion, Tutorials, Practical, Mathematics course in the 1<sup>st</sup> semester, lab group meetings and seminars of the lab group in which the IRT project is done)**

In order to obtain the ECTS points for an obligatory EES course, students have to attend every class of the course.

In case a student is going to miss a class:

- The student always has to inform the teacher of the course in advance if she/he is going to miss a class.
- The student is only allowed to miss a class for a serious reason.
- The student will not obtain the ECTS for the course if she/he is going to miss a class without informing the teacher in advance.
